

Lemberg: A progressive community on Hwy. 22

Lemberg is a progressive little community of 275 tucked away on Highway 22, a leisurely drive from the hustle and bustle of city life in Regina or Yorkton.

Customs, traditions and work ethics brought to the area by the early pioneers are integrated with modern technology to add to the lifestyle of our community.

Originally settled by German-speaking settlers, Lemberg quickly became home to a variety of settlers.

Lemberg was incorporated as a village in 1904 and became a town three years later.

Agriculture has been the mainstay of the community since the early days of Motherwell and later James Gardiner. While in the Lemberg area be sure to visit local farms to see how technology has progressed from threshing machines to global positioning systems used by today's farmers.

There is something for every season in Lemberg. In spring, Culture Shock provides area residents with adult drama written and produced by local residents - a must to see and/or participate in.

An event hosted by the Lemberg rink board is the annual Agri Dinner also in spring. This is always guaranteed to be a hit with excellent local and international entertainment.

In summer and fall, Lemberg has much to offer from a neat campground and picnic facility for weary travelers to trails and coulees that house a variety of birds and native wildlife for outdoors types. Lemberg also has a fly-in breakfast which is held early in August.

The area is also famous as a nesting ground for waterfowl, attracting naturalists and hunters from across the province and the United States.

There are also many unique buildings to be explored in the area. Old churches, towns and farms in this area are a haven for historians.

Winter brings its own fun to Lemberg with plenty of snowmobiling, curling, minor hockey, figure skating and recreational hockey. Lemberg also offers something for every age group - a very active seniors' group, Lions Club, rink and recreation boards. The Get Outdoors Club for youth has been in the community for three years.

The town also celebrated the grand opening of its new recreation center in 2004.

It boasts a two-lane bowling alley, pool tables, table tennis, shuffleboard and a foosball table.

Our high school shares the honor of being one of the most

progressive schools in the province. Scholastic standards are very high and technology is a key ingredient in our education program.

As a retirement community, Lemberg offers affordable housing, a medical clinic and a First Responders group which is highly trained and committed to the community.

We enjoy a faith community which is represented by four churches: Catholic, Lutheran, Pentecostal and United.

Our town has two financial institutions, three cafes, a hotel and beverage room and, a beauty salon and massage therapy parlor.

Prairie Co-op sup-

plies many of the needs of the community along with a MacLeods (True Value) Store and Lemberg Building Supplies. Service stations and many unique services are available in the town and surrounding area.

Come visit the quiet, peaceful and friendly town of Lemberg and enjoy our hospitality.
