

Bird's Point caters to every vacation need

Your vacation to the lovely Qu'Appelle Valley won't be complete without a visit to Bird's Point Resort on Round Lake.

Bird's Point, situated strategically at the mid-way point of the lake on its north shore, is a hub of summer activity. The Resort has long occupied a prominent place in the annals of local history, from its beginnings in the early years of the century when it was built by the Bird family, then later the Stendahl family in the 1920s and 1930s, and with successive owners since then.

Some of the finest fishing on any of the Valley's lakes can be found on Round Lake where fishermen often bring in their limits of walleye, northern pike and perch.

Chilly's Crab Shack and the other facilities at Bird's Point will cater to your every vacation need.

The hall complex features a restaurant, which offers a wide range of items from sea food, pastas, burgers, sandwiches and breakfast.

Want a dining out experience? At the resort you'll find one of the best. The buffet opens for Mother's Day and Father's Day, from 5 to 8 p.m., and for special functions.

You can join your friends in the lounge after a day on the

lake or beach.

How about a fill of gas or maybe a new fishing lure? Chilly's Crab Shack is ready to serve you, and is your registration point for camping.

The Bird's Point camping facilities features 11 sites with power, sewer and water. Boat launch and bathhouse facilities are available for campers. Fishermen may also take advantage of a clean, modern fish-filleting shack.

There's a new, remodeled bath house and mini-golf will provide a welcome diversion for your holidaying. Don't forget to come celebrate with us July 1 featuring fireworks.
